We are proud to host Cambridge Healthtech Institute's Fourteenth Annual Next Generation Dx Summit which will take place in-person at the Grand Hyatt Washington, D.C. on August 22-24. The Next Generation Dx Summit is the nexus for key opinion leaders across the world to share recent progress in diagnostic advancement and technology innovation. The event provides

a valuable window on how point-of-care, infectious disease, liquid biopsy and companion diagnostics are changing the standard of care. Now in its fourteenth year, the Next Generation Dx Summit is a must-attend event with complete coverage of the most timely and important topics for the industry. Benefits of attending include:

EVENT FEATURES:

- **Form** partnerships with major players in the evolving areas of diagnostics
- **Gain** a comprehensive, up-to-date view of diagnostics, including the latest rapid and molecular diagnostics for COVID-19
- **Gather** important industry announcements

- **Hear** late-breaking news on lessons learned from COVID-19 testing
- **Review** innovative products and novel platforms and technologies in the exhibit hall and the poster session
